

CENSUS • RECENSEMENT

ART-140-11-E

Important notice to all residents of Canada

In addition to the 2011 Census, one in three households will be asked to participate in the new National Household Survey (NHS). The information collected in the NHS will provide data needed to plan and support family services, housing, roads and public transportation, and skills training for employment.

Your information will help paint a detailed and comprehensive picture of Canadian society. If you receive the NHS, support your community and complete the survey.

The NHS will collect the same information that was collected by the 2006 Census long-form questionnaire. For information to be available for future planning and decision making, it is important that all residents who receive the NHS complete the questionnaire. Please encourage all residents to respond to this survey.

For more information about the NHS, visit www.nhs.statcan.gc.ca.
