

July 2007

The whole family is keeping busy!

Activities

The month of July has been a busy month, it started off with a big move into our new apartment, camping at Fitzroy Provincial Park, Kayaking on the mighty Ottawa River. We're keeping busy but it's what we enjoy. The two princesses, Hershey and Shadow are getting along very well, they have a blast in the park during all there walks.

On our trip to the Ottawa River we were amazed with the skill level of both dogs in the water when they came kayaking. The would ride the front of our kayaks, almost making us flip.
